

You're Invited to a **LIVE ONLINE** training that will
ROCK. YOUR. PRACTICE.

Supporting Physiologic Birth for L&D Nurses

Are you a Labor & Delivery nurse and wish you had more tools & strategies to help your patients achieve a vaginal birth? You're not alone. We got you.

Bundle Birth, A Nursing Corporation invites you to an 8-hour, LIVE ONLINE training. This training will provide information necessary to **promote physiologic birth and/or interact with various labor patterns/interruptions through non pharmacological nursing interventions.** We promote birth as a normal, physiologic process for the majority of women, but recognize that there are common interruptions in the birth process that can have an impact on the ultimate mode of delivery. Upon successful completion of the workshop, the participant will be able to educate, triage and better facilitate physiologic birth to meet the desires of the laboring woman and accomplish a vaginal birth.

Mark Your Calendars!

2/20, 3/24, 7/30, 10/26, 11/3 → 2022!
